

## Vaccine Eligibility- Pediatric and Adult INFLUENZA 2020-2021

**Due to the COVID-19 pandemic, the Alaska Immunization Program is waiving eligibility limitations for adults for INFLUENZA vaccine. For certain INFLUENZA vaccines, all adults (19 yrs +) and all pediatric (0-18 yrs) patients are eligible regardless of insurance status.**

All other state-supplied adult vaccines must still meet eligibility requirements.

State-supplied INFLUENZA vaccines:

Manufacturer	NDC	Brand	Description	Age license	Eligible for State-Supplied Vaccine
GSK	58160-0885-52	Fluarix	Quad 0.5mL single dose syringe, 10 pack	6 mos +	All pediatric and adults
Sanofi	49281-0633-15	Fluzone	Quad 5.0mL multi-dose vial, 10-dose pack	6 mos +	All pediatric and adults
AstraZeneca	66019-0307-10	FluMist	Quad 0.2mL single dose sprayer, 10 pack	2-49 yrs	All pediatric and adults
Seqirus	70461-0320-03	Flucelvax	Quad 0.5mL single dose syringe, 10 pack	4 yrs +	All pediatric and adults
Sanofi	49281-0420-50	Fluzone	Quad 0.5mL single dose syringe, 10 pack	6 mos +	VFC; All adults (no pediatric AVAP)
Sanofi	49281-0120-65	Fluzone HD	Quad 0.7mL single dose syringe, 10 pack	65 yrs +	All adults (no pediatric)
GSK	19515-0816-52	FluLaval	Quad 0.5mL single dose syringe, 10 pack	6 mos +	All adults (no pediatric)
Seqirus	33332-0320-01	Afluria	Quad 0.5mL single dose syringe, 10 pack	6 mos +	All adults (no pediatric)
Seqirus	70461-0420-10	Flucelvax	Quad 5.0mL multi-dose vial, 10-dose pack	4 yrs +	All adults (no pediatric)
Seqirus	33332-0220-20	Afluria	Quad 0.25mL single dose syringe, 10 pack	6-35 mos	VFC only (no pediatric AVAP or adults)

**Eligibility MUST still be tracked for dose-level accountability. Adult patients who meet an “Ineligible” category must be marked as that eligibility but then can receive the state-supplied INFLUENZA vaccine.**

When administering INFLUENZA vaccines to adult 19+ yrs old patients, use the eligibility chart below. Follow the normal [Child Eligibility](#) when administering influenza vaccines to pediatric 0-18 yrs old patients.

VacTrAK Eligibility Category	Adult Insurance Status	HL7 Eligibility Mapping Code	HL7 Funding Source Code	Administration Fee Bill To	Vaccine Administration Fee Cap	Vaccine Cost Bill To
State Vaccine	Insured by private insurance participating in AVAP	V07	VXC 50 Public or VXC 52 Public Non-VFC	Insurance	Determined by insurance	Do not bill (state-supplied)
	Uninsured at a health care provider who opts in for their uninsured adult population			Patient	Determined by provider	Do not bill (state-supplied)
Ineligible (but can still receive state-supplied INFLUENZA vaccine)	Uninsured at a health care provider who does NOT opt in for their uninsured adult population	V01	PHC 70 Private	Patient	Determined by provider	Do not bill (state-supplied)
	Medicaid/ Medicare/ Underinsured/ AlaskaCare Retirees Plan/ VA			Medicare/ Medicare/ Patient/ VA	Determined by payer	Do not bill (state-supplied)

*Providers are required to screen patients for vaccine eligibility at each immunization visit to ensure accountability. Complete vaccine administration and eligibility data must be reported in VacTrAK within 14 days per Alaska Administrative Code 7 AAC 27.650(a). If private vaccine stock is used, the correct eligibility category is always “Ineligible (V01);” no further screening is required.*
